Over the next several weeks you will see work being done on the Church. We have discovered areas of the steeple that need painting, as well as cleaning and painting inside the church. I would like to thank Hannes Becker for taking on this project.

For most industries, it's the bottom line that really matters. Abortions represented over 51% of Planned Parenthood's clinic income (even though they calculate abortion as a mere 3% of services provided). And we as taxpayers are providing most of the rest of their income, as 46.5 percent of their revenues (\$487 million in 2010) come from government grants and Medicaid, Title X and similar funding.
